CURRENT PLAYGROUND CONDITION

EXPANDED FOOTPRINT FOR NEW PLAYGROUND

Approximately 2,400 ft² of
additional space

PROJECT GOAL

Design a multigenerational gathering space and a safe creative playground. A space that reflects the natural beauty of Saltaire and utilizes native plantings, trees and vegetation.

The space must:

- Maximize Shade & Seating
- Have Handicap Accessibility
- Use Sustainable Materials
- Have Age-appropriate Equipment

INCORPORATING WHAT WE HEARD

- 100% Increase in playground equipment
- Increased seating for both children and adults → multigenerational space
- Shaded areas provided by new plantings of native Fire Island plants
- Integrated the Art Shed into the playground environment
- Improved safety
- Used natural and sustainable materials that will age well with time and weather
